CLASSICAL BALLET CLASSES

“Twinkle Toes” Tiny Tot’s Ballet Class

For 2 - 4 ½ approx.. - not yet attending school. Class is 30 minutes and includes fun ballet basics with lots of expression and creative ideas. Emphasis is on musicality and rhythm. In order to encourage children to focus on the teacher and develop independence parents do not stay in the class once their child is comfortable and confident to be left.

Pre- Primary Ballet – Beginner ballet

For students 4 ½ – 6 y.o. attending 1st year of Primary school (Prep) or of school age. This class is 45 minutes and requires a more focused attention than tot’s class whilst still maintaining the creative and expressive emphasis. Classes are timetabled early in the school week or on Saturday mornings where possible as this age group get very tired later in the week.

Primary Ballet

For students 6 – 7 y.o. attending school G1. Primary Ballet has an examination option for students but is not compulsory and is based on readiness. Exam participation will be a fun and informal introduction to the Cecchetti Classical Ballet exams.

Grade 1 Ballet

For students 7 – 8 y.o. Grade 1 is our first Cecchetti Grade examination level. The students are required to sustain the level of concentration needed for an examination situation. It is not compulsory to sit the exam but students not doing exams must be prepared to approach the class in the same manner as those who are. Those students who have not reached the technical standard will still be able to do a non-graded exam. *students will **benefit** by doing 2 classes per week at this level and should do so if they are intending to do exams. Students doing 2 classes must commit for the full year including concert.

Grade 2 Ballet

For students 8 and above. 2 classes per week is essential for good progress. It is **NOT** recommended to sit exams if only doing 1 class. Whilst it is still possible to progress with one class per week it can be frustrating for the student to fall behind their class mates. Grade levels are progressive and build on the knowledge from the previous grade. Grade 2 is a good starting level for older beginners and many combinations of classes can be taken to “catch up”. Students doing 2 classes must commit for the full year including concert.

Grade 3 – 6 Ballet

Students 9 and above, 2 classes per week essential for good progress and exams. Grade levels are progressive and usually students attempt a level per year. Late beginners would be advised to do a mixture of the levels to get the skills required.

Major Levels – Intermediate, Advanced 1 & 2

The major levels require a high level of training and commitment to achieve the required standard for examination. In most cases these levels will be taken over 2 or more years. Progress examinations are advised before sitting full exam. If Intermediate exam is not completed then students are not eligible for the higher level exams. Students not wishing to undertake exams can still benefit from the strong technique grounding of these levels.

Character Class – Character dance studies the stylized form of folk dance often seen coupled with classical ballet and usually representing European dance styles. Character class is only available to students studying classical ballet.

High Performance Classes – These classes will be offered to students showing ability in classical ballet and a desire to further their technical and performance skills. Classes take the form of “open class” and challenge the students to a higher level than regular grade levels. Students will be invited to attend this class if they are showing the required attitude and dedication in their syllabus ballet classes. This class IS NOT an alternative to a second exam syllabus class but is taken to extend the keen ballet dancer.

CONTEMPORARY CLASSES

***As contemporary dance is very much aided by strong ballet technique the teacher may choose to advance students showing a stronger technique above their suggested age/level.**

Junior Contemporary - For students 5-8yo or up - or Grade 2 ballet

Elementary Contemporary – For 8-12 years and up – or Grade 3 & 4 ballet - *Advanced level chosen by teacher

Intermediate Contemporary – For 10-14 years and up – or Grade 5 & 6 ballet – Depends on experience and ability

Senior Contemporary – For 13 – 16 years and up – or Intermediate ballet – Depends on experience and ability.

Senior Advanced Contemporary – 16 years & up Senior (Adv 1 & 2 Ballet) students

Contemporary Technique – studying the classic international contemporary training styles.

LYRICAL CLASS

Lyrical dance has a free ballet style and includes flexibility and gymnastic movements with emphasis on creative expression. Ballet technique is required to take this class therefore students should ideally be also taking part in classical ballet technique classes. ***ages a guide only : Junior/Elementary** – 7-12yo – Grade 1 to G4 Ballet, **Intermediate** – 10-14yo – Grade 5 & 6 Ballet, **Senior** – 12- 18yo – Intermediate & adv 1 Ballet, **Senior Advanced** – 14 and up – Still doing ballet at Advanced 1 level or higher.

JAZZ/HIP HOP CLASSES

Tiny boppers Jazz - For 2 ½ – 5 y.o, a 30 minute class suited to Tots & Pre-Primary Ballet students. With free dance, and jazz/funk basics for beginners,

Junior Jazz/Hip Hop- For ages 5 – 8 depends on experience and ability,

Elementary Jazz/Hip Hop- For 8 - 12 and older beginners

Intermediate Jazz- For 10- 14 yo or Grade 5 & 6 Ballet,

Senior & Senior Advanced Jazz- For 13 up

Tiny/Junior Tap, Elem/Intermediate Tap & Senior Tap - For ages 3 and upwards, older students will progress more rapidly and can move to next level once basics are achieved!

Hip Hop - Hip Hop is a specific style and is not recommended as a replacement to Jazz/Funk which covers a much more thorough range of dance technique. Hip Hop classes offered are Junior 5-9, Elem/Inter 9-14, Senior 14+

Acrobatics Level 1 - 4

Studying the correct strengthening, flexibility and techniques for the basic acrobatic movements now widely used in dance. Ages are less important than skill level so students must be guided by the teachers as to the suitable level.

Level 1 is for all beginner students, Level 2 is for students already proficient and ready for aerial work such as flips and tumbles. Level 3 – Advanced is for students already proficient in aerials and flips. Acro 4 is for master level students working on aerials, tumbles and flips.

Strength & Conditioning

A class to work on a dancer's cardio fitness and core strength which are areas a dancer can not get too much of!

Adult classes – For all adults to come along and try, it's a great work out and lots of fun too!
